

Committees – Awards and Governance Association of Collegiate Business Schools and Programs

Appointment of individuals to awards and governance committees varies. Appointment to the Bylaws, Marketing and Strategic Planning Committees is by the President of the Association typically upon nomination by the regional officers. The term is three years with one opportunity for reappointment. The composition is intended to be balanced geographically and with regard to the type of institution. The number of members on a committee is not less than nine and not more than fifteen. The Chair serves a two-year term with the term expiring year shown in parentheses. The Vice-Chair serves one year during the second year of the term of the Chair and then begins a two-year term as Chair.

Appointment to other Awards and Governance committees varies and is described in the Committee Policies and Procedures. All are annual appointments.

For more information on the responsibilities of each committee, appointment to a committee, and the operation of all committees, please refer to Committee Policies and Procedures available from ACBSP office and on ACBSP Gateway, www.acbsp.org. This includes information on the four Member Services Committees.

At the date this was prepared, there existed a few persons serving expired terms as the ACBSP office awaits recommendations for appointments from the respective regions. They are shown in *italics*.
